

The Good Shepherd “Giving Tree” Gift Program

Good Shepherd Lutheran Church in Palos Heights is committed to sharing our blessings with others to help and support the care and ministry of organizations serving the Children of God.

We would like to make you aware that in 2024, Good Shepherd Lutheran Church began setting aside funds to assist other non-profit/charitable organizations serving the greater Chicagoland area through the “Good Shepherd Giving Tree” gift program. The Good Shepherd Giving Tree’s mission is to plant seeds of difference in our community for the purpose of seeing them grow to make a significant, life-giving impact.

As Good Shepherd sets aside funding to improve our own physical church building and grounds, we feel the need to go above and beyond our current missions giving by investing additionally in our community to support God’s work. Given that, for the foreseeable future, the “Good Shepherd Giving Tree” gift program will be supported with up to \$50,000 annually. Funding will be allocated to organizations and entities by the Missions Committee based on the applications we receive.

As this Good Shepherd Giving Tree continues to take shape, be aware that the entire amount may be allocated to a single entity or may be divided among several depending on the judgement of the Missions Committee. Furthermore, we recognize that some projects or uses may span multiple years. In recognition of this, the Missions Committee will consider commitments that extend into multiple years, recognizing that such commitments would require re-applying annually.

If awarded, the expectation is that the funds would be used as described in the application and that quarterly reports of the progress and work would be provided to the committee. Failure to provide quarterly updates would result in an organization not being considered for subsequent funding.

We have created this application for organizations who may be interested in applying for these funds.
